DISCLAIMER: *These texts are published for information purposes only and may undergo further modifications. These texts are without prejudice to the outcome of the Agreement between India and the EU. The texts will be final upon signing. The Agreement will become binding on the Parties only after completion by each Party of its internal legal procedures necessary for the entry into force of the Agreement.*

2. Consistent with the provisions of this Chapter, each Party retains its right to regulate within its respective territory to achieve its legitimate policy objectives.
3. This Chapter does not apply to measures affecting natural persons of a Party seeking access to the employment market of the other Party, or to measures regarding nationality or citizenship, residence, or employment on a permanent basis.
4. Nothing in this Chapter shall prevent a Party from applying measures to regulate the entry of natural persons of the other Party into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders, provided that those measures are not applied in such a manner as to nullify or impair the benefits accruing to the other Party under this Chapter. The sole fact that a Party requires natural persons of the other Party to obtain a visa shall not be considered as nullifying or impairing the benefits accruing to the other Party under this Chapter.
5. For the purposes of this Chapter, "measures by a Party" means measures taken by:
 - (a) central, regional or local governments and authorities of that Party; and
 - (b) non-governmental bodies in the exercise of powers delegated by central, regional or local governments or authorities of that Party.

- (c) audio-visual services;
- (d) cabotage in maritime transport services¹;

¹ For the European Union, cabotage in maritime transport services covers, without prejudice to the scope of activities that may be considered cabotage under the law of Member States, transportation of passengers or goods between a port or point located in a Member State and another port or point located in that same Member State, including on its continental shelf, as provided for in the UNCLOS, and traffic originating and terminating in the same port or point located in a Member State. For India, cabotage in maritime transport services means transportation of passengers or goods between any port or place located in India and any other port or place located in India and transportation of passengers or goods originating or terminating in the same port or place located in India, including transportation of passengers or goods between a port or a place located in India and another port, place, installation and structures situated in the Exclusive Economic Zone ("EEZ") of India or on the continental shelf of India.

1. A Party (the "modifying Party") may notify the other Party (the "affected Party") a proposal to modify or withdraw any commitment in its schedule in Annex 8-E (Schedule of existing measures of the European Union), Annex 8-F (Schedule of future measures of the European Union) or Annex 8-H (Schedule of specific commitments of India) at any time after three years from the date on which that commitment entered into force.
2. Upon notification of such proposal, the Parties shall enter into consultations on the modification and on any appropriate compensatory adjustments.
3. If the Parties fail to enter into consultations within four months after the date of such notification or fail to reach a mutually satisfactory understanding within six months from the date of entering into consultations, the modifying Party may request the Committee on Services and Digital Trade, established pursuant to Article 18.3(1) (Specialised committees), to consider the proposed modification or withdrawal and compensatory adjustments, if any. If the Committee on Services and Digital Trade does not reach a mutually satisfactory understanding within six months, the matter shall be referred to the Joint Committee.

The texts will be final upon signing. The Agreement will become binding on the Parties only after completion by each Party of its internal legal procedures necessary for the entry into force of the Agreement.*

4. In consultations on appropriate compensatory adjustments pursuant to paragraphs 2 and 3, the Parties shall endeavour to maintain a general level of mutually advantageous commitment that is no less favourable to trade than provided for at the time of the consultations in the schedules in Annex 8-E (Schedule of existing measures of the European Union), Annex 8-F (Schedule of future measures of the European Union) and Annex 8-H (Schedule of specific commitments of India).

5. If the Parties reach a mutually satisfactory understanding pursuant to paragraphs 3 and 4 of this Article, the Joint Committee shall adopt a decision to amend the schedules in Annex 8-E (Schedule of existing measures of the European Union), Annex 8-F (Schedule of future measures of the European Union) or Annex 8-H (Schedule of specific commitments of India) in accordance with Article 18.2 (Functions of the Joint Committee).

2. Each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.
3. This Article does not apply to:
- (a) a sector which remains non-committed by reason of a Party's schedule in Annex 8-E (Schedule of existing measures of the European Union), Annex 8-F (Schedule of future measures of the European Union) or Annex 8-H (Schedule of specific commitments of India);
or
 - (b) a measure, to the extent that it is not subject to Article 8.4 (Market access) or Article 8.5 (National treatment) by reason of a Party's commitments made in accordance with Article 8.8 (Schedule of specific commitments) or Article 8.9 (Non-conforming measures).

The Agreement will become binding on the Parties only after completion by each Party of its internal legal procedures necessary for the entry into force of the Agreement.*

4. With a view to ensuring that measures relating to qualification requirements and procedures, licensing requirements and procedures, and technical standards, do not constitute unnecessary barriers to trade in services, the Parties shall review the results of the WTO negotiations on disciplines on such measures, pursuant to paragraph 4 of Article VI of the GATS, and shall consider amending this Article, as appropriate, after consultations, to give effect to those results under this Chapter. Such disciplines shall aim to ensure that such requirements are, among others:

- (a) based on objective and transparent criteria, such as competence and ability to supply the service;
- (b) not more burdensome than necessary to ensure the quality of the service; and
- (c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

5. In sectors in which a Party has undertaken commitments, pending the entry into force of disciplines pursuant to paragraph 4 of this Article, a Party shall not apply licensing and qualification requirements and procedures, and technical standards that nullify or impair such commitments in a manner which:

- (a) does not comply with the criteria outlined in points (a), (b), or (c) of paragraph 4 of this Article; and

(b) could not reasonably have been expected of that Party at the time the commitments in those sectors were made.

6. In determining whether a Party is in conformity with its obligations under paragraph 5, international standards of relevant international organisations¹ applied by that Party shall be taken into account.

7. Each Party shall, to the extent practicable, avoid requiring an applicant to approach more than one competent authority for each application for authorisation. If a service for which authorisation is requested is within the jurisdiction of multiple competent authorities, multiple applications for authorisation may be required.

8. If a Party requires authorisation for the supply of a service, it shall ensure that its competent authorities, to the extent practicable, permit the submission of an application at any time throughout the year.² If a specific time period for applying for authorisation exists, the Party shall ensure that the competent authorities allow a reasonable period of time for the submission of an application.

¹ "Relevant international organisations" refers to international bodies whose membership is open to the relevant bodies of both Parties.

² Competent authorities are not required to start considering applications outside of their official working hours and working days.

10. If a Party requires authorisation for the supply of a service, it shall ensure that its competent authorities:

- (a) to the extent practicable, establish an indicative timeframe for the processing of an application;
- (b) on request of the applicant, provide information concerning the status of the application without undue delay;

- (c) within a reasonable period of time and if they consider the submission of an application is complete for the purposes of processing under its laws and regulations, inform the applicant of the decision concerning the application, to the extent possible, in writing;¹
- (d) if they consider an application incomplete for the purposes of processing under the Party's laws and regulations, within a reasonable period of time, and to the extent practicable:
 - (i) inform the applicant that the application is incomplete;
 - (ii) on request of the applicant, identify the additional information that is required to complete the application or otherwise provide guidance on why the application is considered incomplete; and
 - (iii) provide the applicant with the opportunity² to provide the additional information, and to correct deficiencies in the application; and
- (e) if an application is rejected, to the extent practicable, either upon their own initiative or upon request of the applicant, inform the applicant, without undue delay and in writing, of the reasons for rejection. The applicant shall have the possibility of resubmitting, at its discretion, a new application.

¹ Competent authorities may meet the requirement by informing an applicant in advance in writing, including through a published measure, that a lack of response after a specified period of time from the date of submission of the application indicates either acceptance of the application or rejection of the application. The reference to "in writing" should be understood as including electronic format.

² Such "opportunity" does not require a competent authority to provide extensions of deadlines.

11. Where a Party requires authorisation for the supply of a service, it shall ensure that any authorisation fees¹ charged by its competent authorities are reasonable and transparent and do not in themselves restrict the supply of the relevant service. Each Party is encouraged to accept payment of authorisation fees by electronic means.

12. Each Party shall provide adequate procedures to verify the competence of professionals of the other Party. In verifying and assessing qualifications, where the competent authority considers it relevant, it shall give due consideration to professional experience, as a complement to educational qualifications, and to membership in a professional association in the territory of the other Party.

13. Provided an applicant has presented all necessary supporting evidence of qualifications, the competent authority, in verifying and assessing qualifications, shall endeavour to identify any deficiency and inform the applicant of requirements to remedy the deficiency.

14. If licensing or qualification requirements include the completion of an examination, each Party shall, to the extent practicable:

- (a) ensure that the examination is scheduled at reasonably frequent intervals;
- (b) provide a reasonable period of time to enable applicants to submit applications to take the examination;

¹ For the purpose of this paragraph, authorisation fees do not include fees for the use of natural resources, payments for auction, tendering or other non-discriminatory means of awarding concessions or mandated contributions to universal service provision.

- (d) consider conducting the examination and other aspects of the examination process through electronic means, including remotely.

15. If a Party adopts or maintains a measure relating to the authorisation for the supply of a service, it shall ensure that the competent authority concerned reaches and administers its decisions in a manner independent from the undue influence of any supplier of the service for which the authorisation is required.¹

16. If a Party requires authorisation, the Party shall promptly publish² the information necessary for obtaining such authorisation. If such information exists, it may include:

- (a) the licensing and qualification requirements and procedures;
- (b) contact information of relevant competent authorities;
- (c) authorisation fees;

¹ For greater certainty, this paragraph does not mandate a particular administrative structure. It refers to the decision-making process and administering of decisions.

² For the purposes of this Article, "publish" means to include in an official publication, such as an official journal, or on an official website.

(e) indicative timeframes for the processing of an application.

17. Each Party shall encourage its competent authorities to respond to any request for information or assistance to the extent practicable.

1. For the purposes of the fulfilment, in whole or in part, of its standards or criteria for the authorisation, licensing or certification of service suppliers, and subject to the requirements of paragraph 4, a Party may recognise the education or experience obtained, requirements met, or licences or certifications granted in a third country. That recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement with the third country concerned, or may be accorded autonomously.

DISCLAIMER: *These texts are published for information purposes only and may undergo further modifications. These texts are without prejudice to the outcome of the Agreement between India and the EU. 5. As set out in Annex 8-B (Professional services), each Party shall endeavour to facilitate trade in professional services, including through negotiating mutual recognition agreements or similar arrangements for the recognition of professional qualifications in the professions where the relevant bodies in their respective territories have expressed mutual interest for such recognition.
