- (a) whether there is disruption in the supply of raw materials from China due to corona virus and if so, the details thereof;
- (b) the steps taken by the Government to deal with its impact on several Indian industries, especially in Pharma Sector, wherein imbalance in demand and supply has resulted in price rise of items across the industries; and
- (c) if so, the details thereof along with the precautionary measures taken by the Government to bridge the demand and supply gap and contain the rise in prices of items across the country?

#### **ANSWER**

वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री हरदीप सिंह पुरी)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI HARDEEP SINGH PURI)

(a) to (c): The Corona Virus outbreak in China initially impacted the supply chains of Indian industries which are dependent on China for import of components, intermediaries and raw materials. Thereafter, the Chinese production resumed during the year. However due to the global supply chain shocks on account of the pandemic, countries are seeking to build resilience in their supply chains to reduce over-concentration of import sources.

The Government engaged with the Export Promotion Councils and Trade Bodies to address potential disruptions in their supply chains, secure and transport inventories available with various suppliers, and accordingly put them in touch with our Missions abroad. The Missions facilitated several Business-to-Business virtual meetings to broaden the supply base of the domestic industry.

The Government has also launched schemes such as Production Linked Incentive Schemes (PLIs) to promote domestic manufacturing capacities in critical sectors such as Key Starting

Materials/Drug Intermediates, Active Pharmaceutical Ingredients apart from electronic components & mobiles etc. These would broaden the base of the supply chains and make products available at competitive prices.

- (c) if so, the details thereof; and
- (d) the steps taken by the Government for the revival of the jute industry and to prevent import of jute bags from other countries?

#### **ANSWER**

वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री हरदीप सिंह पूरी)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI HARDEEP SINGH PURI)

- (a): Yes, Sir. As per Government orders, 100% of food grains and 20% of sugar has to be compulsorily packed in jute bags for supply to Public Distribution System (PDS). Since the demand from the Government agencies outstrips the supply available in the domestic market, it is fulfilled through imports.
- (b)& (c): No such report has been received from the Jute Commissioner.
- (d): As under Jute Packaging Material (Compulsory Use in Packing Commodities) Act, 1987, every year, government specifies the commodities and the extent to which they are mandatorily required to be packed in jute packaging materials. This has given tremendous support to the jute industry over the last three decades. The level of reservations recommended by the Government in the last three years is furnished below:-

| Order date | Year    | Sugar | Food grains |
|------------|---------|-------|-------------|
| 09.03.2018 | 2017-18 | 20%   | 90%         |
| 30.11.2018 | 2018-19 | 20%   | 100%        |
| 20.12.2019 | 2019-20 | 20%   | 100%        |
| 26-11-2020 | 2020-21 | 20%   | 100%        |

In order to address injury caused by dumping of certain jute products, Ministry of Finance has imposed anti-dumping duty under Notification dated 5<sup>th</sup> January, 2017, on their imports from Nepal and Bangladesh.

# LOK SABHA UNSTARRED QUESTION NO. 3554 TO BE ANSWERED ON 17<sup>th</sup> MARCH, 2021

# **RCEP**

#### 3554. SHRI NATARAJAN P.R.:

Will the Minister of **COMMERCE & INDUSTRY** (वाणिज्य एवं उद्योग मंत्री) be pleased to state:

- (a) whether the Regional Comprehensive Economic Partnership (RCEP) was held as planned;
- (b) if so, the details of decision taken in the Beijing meet;
- (c) whether the representatives of Indian Industry were consulted before the meeting; and
- (d) if so, the details thereof?

#### **ANSWER**

वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री हरदीप सिंह पुरी)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI HARDEEP SINGH PURI)

(a) to (d): The Government held extensive consultations with stakeholders such as the domestic industry, exporters, Export Promotion Councils, trade experts, various Ministries/Departments, academicians etc. and received inputs, which were taken into consideration while formulating India's position in the Regional Comprehensive Economic Partnership (RCEP) negotiations.

During the 3rd RCEP Leaders' Summit held on 4 November, 2019 in Bangkok, India conveyed its position that the current structure of RCEP did not reflect the RCEP Guiding Principles or address the outstanding issues and concerns of India, in the light of which, India did not join the consensus. India's position in RCEP was formulated to achieve equitable outcomes, balanced ambitions and address domestic sensitivities of its stakeholders including small entrepreneurs.

Prior to the November 2019 Summit, India had expressed its concerns on market access and other issues leading to unbalanced trade and the need for addressing the causes of existing trade imbalances, including during the 8<sup>th</sup> RCEP Inter-sessional Ministerial meeting held in Beijing on 2-3 August 2019.

- (b) Yes Sir.
- (c) There are two major conditions imposed by USA, on the import of seafood products from all exporting countries including India:-
  - (i) The Section 609 of US Public Law 101-162 prohibits the importation of shrimp and products from shrimp harvested in ways that may adversely affect sea turtles unless the US Department of State certifies to the US Congress that the government of the harvesting nation has taken measures for reducing the incidental taking of sea turtles in its shrimp trawl fisheries, comparable to that of the USA, or that the fishing environment of the harvesting nation does not pose a threat to the sea turtles.
  - (ii) The National Marine Fisheries Services of NOAA, USA had introduced the Marine Mammal Protection Act (Import) Rule, which mandates that nations exporting fish and fishery products to the United States, have a regulatory program for reducing marine mammal bycatch that is comparable in effectiveness to measures taken by the United States. Accordingly, in order to evaluate an exporting nation's regulatory programs to address incidental/intentional mortality or serious injury of marine mammals and ensure continuation of seafood exports to USA, all the seafood exporting countries including India are required to furnish the complete information about their commercial fishing operations identified under MMPA Import Rule by November, 2021.
- (d) & (e) Marine Products Export Development Authority (MPEDA) had been providing financial assistance to the seafood processors/exporters for the development of infrastructure, value addition in exports and introduction of new technologies, aimed to bring in more investment in high end value addition, establishment of facilities to export chilled and dried marine products having high unit value. MPEDA has provided financial assistance of approx. Rs.14.42 Crore during FY 2019-20.

Government of India is implementing Pradhan Mantri Matsya Sampada Yojana (PMMSY) with an envisaged investment of Rs. 20,050 Crore for development of fisheries in the country over 5 years, which would also enhance exports. PMMSY envisages a focus on species diversification, value addition, infrastructure creation, modernization, end to end traceability from 'catch to consumer', brand promotion, certification etc. in close collaboration with MPEDA. Further, promotion of good aquaculture practices, use of block chain technology, global standards and certification, accreditation of brood banks, hatcheries, farms etc. are incorporated as a part of the PMMSY scheme. These steps will ensure better quality, higher productivity, improve export competitiveness and fetch higher prices for fishers and farmers.

(a) to (b): Like other crops, the plantation crops namely, rubber, tea, coffee and spices are sensitive to fluctuation in the cost of various inputs like raw materials, wages and the demand-supply scenario. For better price realization for plantation crops, the Government has taken various initiatives through the respective commodity boards, by way of providing financial and technical assistance to growers and the industry for new planting, re-plantation, rejuvenation,

quality up-gradation, value addition and market promotion through the schemes implemented by the these Boards.

During the current year 2020-21, tea auction prices have shown an upward revision with an increase of Rs.59.92 per kg (43.17%) from April 2020 to February 2021. Similarly, during recent months, the monthly average International Coffee Organization composite indicator prices are showing an upward trend from 109.70 US cents/lb in November 2020 to 119.35 US cents/lb during February, 2021. The average price of RSS 4 grade rubber is also showing an upward trend from Rs.115.73 per kg in May 2020 to Rs.156.04 per kg during February 2021. Spices prices are ruling at comparatively higher levels for most of the major spices.

- (c): There is no proposal with regard to re-classifying plantation crops as agriculture commodities from the ensuing census.
- (d) to (e): Government of India has not announced any farm loan waiver during the last three years.

Government/Reserve Bank of India (RBI), have taken various policy measures to ease the financial stress caused by COVID 19 disruptions, by providing relief on debt servicing and improving access to working capital. RBI vide its circulars dated 17<sup>th</sup> April 2020, have permitted all commercial banks to grant a moratorium till 31<sup>st</sup> August 2020, on payment of all instalments in respect of term loans (including agricultural term loans, retail and crop loans). The repayment schedule for such loans, as also the residual tenor, have been allowed to be shifted across the board.

वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री हरदीप सिंह पूरी)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI HARDEEP SINGH PURI)

- (a) The Government has introduced National Programme for Organic Production (NPOP) for regulating and promoting the exports of organic products from the country, including from the State of Uttar Pradesh. #### **ANSWER**

वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री हरदीप सिंह पुरी)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI HARDEEP SINGH PURI)

- (a) and (b): Government of India has many sector specific schemes to boost infrastructure including that in coastal region of the country. The Sagarmala Programme, the flagship programme of the Ministry of Ports, Shipping and Waterways focuses on the following:
  - a. **Port Modernization & New Port Development:** De-bottlenecking and capacity expansion of existing ports and development of new greenfield ports.
  - b. Port Connectivity Enhancement: Enhancing the connectivity of the ports to the hinterland, optimizing cost and time of cargo movement through multi-modal logistics solutions including domestic waterways (inland water transport and coastal shipping).
  - Port-linked Industrialization: Developing port-proximate industrial clusters and Coastal Economic Zones to reduce logistics cost and time of EXIM and domestic cargo.

d. **Coastal Community Development:** Promoting sustainable development of coastal communities through skill development & livelihood generation activities, fisheries development, coastal tourism etc.

Infrastructure development and capacity augmentation of Major Ports is an ongoing process. It involves construction of new berths and terminals, mechanization of existing berths and terminals, capital dredging for deepening of drafts for attracting larger vessels, development of road and rail connectivity etc. As a result, the cargo handling capacity of the Major Ports has gone up-to 1534.91 Million Tonnes Per Annum (MTPA) as on 31 -3-2020. This is adequate to handle the present level of EXIM and Coastal cargo and also increased requirements in near future.

Ministry of Railways has also undertaken several port connectivity projects under the Participative policy which are aimed at strengthening port-rail connectivity and to facilitate seamless movement from/to the ports.

Ministry of Road Transport and Highways has taken up construction of roads in border / coastal areas as part of Bharatmala Pariyojana Phase-1. Out of 2,000 kms of Border and International Connectivity roads targeted for award under Bharatmala Pariyojana Phase-1,977 kms length has been awarded by National Highways Authority (NHAI), out of which 849 kms length has already been completed. Against the target for completion of 2,000 kms of Coastal and Port Connectivity roads, awarded 168 Kms length out of which 14 km has already been completed.

(c), (d) and (e): According to Ease of Doing Business (EODB) 2020 by World Bank (available on www.doingbusinessreport.org) India's latest ranking on Trading Across Border in 2020 is 68 while the same in 2019 was 80 and in 2018 it was 146, showing a consistent improvement.

A number of measures have been taken for facilitating EXIM trade, such as reduction in gate-in window time, installation of RFID at port gate, replacement of manual forms with electronic forms, implementation of Direct Port Entry (DPE) and Direct Port Delivery (DPD) etc. Port community System (PCS 1x) has been implemented to integrate the electronic flow of information and function as the centralized hub for Indian Ports through common interface.
