**ANSWER**

वाणिज्य और उद्योग मंत्रालय में राज्य मंत्री (श्री जितिन प्रसाद)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY  
(SHRI JITIN PRASADA)

- (a) ODOP is an initiative by the Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry to promote the indigenous products of the country. Under the ODOP Initiative, 1200+ products have been identified from 773 districts

of the country. ODOP products are identified by the respective States/Union Territories (UTs), and the finalized list is communicated to the Department for Promotion of Industry and Internal Trade (DPIIT) by the relevant departments of the States/UTs. The details of unique products identified (district-wise) from Andhra Pradesh under the ODOP initiative as of 2nd July 2025 are mentioned in **Annexure A**.

The Districts as Export Hubs (DEH) initiative, launched in August 2019, aims to identify, brand, and promote products and services from each district in India that possess unique economic potential. The core objective of the initiative is to boost exports by leveraging the inherent strengths and competitive advantages of each district, while also promoting decentralized and inclusive export growth. It further seeks to provide a platform for local producers, artisans, and entrepreneurs to access national and international markets through targeted support and facilitation.

Under the DEH framework, products and services have been identified through a consultative process with the respective State Governments and Union Territories, taking into account factors such as existing production clusters, export potential, local specialization, employment generation, and historical or cultural significance of the product.

In the case of Andhra Pradesh, a detailed list of products and services identified under the DEH initiatives, district-wise, is mentioned at **Annexure B**.

**(b)** The ODOP and DEH initiatives are ongoing initiatives without financial outlay sanctioned under any specific budgetary framework.

**(c) to (f)** The partnership between DGFT and EXIM Bank as part of the Grassroots Initiative and Development (GRID) programme aimed to enhance export capabilities in select districts. As part of this collaboration, and in alignment with the Districts as Export Hubs (DEH) initiative, six districts were identified with the objective of addressing and mitigating export bottlenecks. The list of districts is mentioned in **Annexure C**.
